

MINNESOTA CUTTING HORSE ASSOCIATION

2024 Sponsorship Opportunities

Who We Are

The Minnesota Cutting Horse Association (MCHA) exists to nurture and celebrate the greatest equine athletes in the world: cutting horses, whose origin on Western ranches allows us to honor and support ranching and its western heritage. The MCHA strives to promote the western lifestyle by producing events with a progressive class structure, giving beginner to advanced cutters a chance to compete, and continue giving the cutting horse purpose and new life in the modern world. The MCHA also encourages and supports its youth members by helping foster their passion for cutting, build lifelong relationships with other kids, adults, and community involvement through fellowship and friendly competition.

Unbeatable Bonds

The MCHA has over 115 members and growing of horsemen and women with families whom share a love of horses and western lifestyle. Historically, the MCHA and its co-producers have successfully produced 12+ events annually within the months of March through November in multiple locations. The MCHA is looking forward to another great year with expansion on the number of events and locations in 2024, including both new & familiar exhibitor activities such as the Youth Boot Scramble, Duck Cutting Fundraiser, Flag Cutting, Veterans Cutting, and more!

How Your Sponsorship Helps

Participation in sponsoring our club allows us to continue the MCHA's mission, and celebrate our members and their horses by giving year-end and series Awards, Buckles and Prize money - as well as produce exhibitor activities.
